Description

Edinburgh University Press is proud to announce the completion of the Edinburgh Edition of the Waverley Novels. In 2009 the full collection of 28 complete and critically-edited volumes of Scott's novels will be available to modern readers for the first time.

'Each volume of the Edinburgh edition presents an uncluttered text of one work, followed by an Essay on the Text by the editor of the work, a list of the emendations that have been made to the first edition, explanatory notes and a glossary ... The editorial essays are histories of the respective texts. Some of them are almost 100 pages long; when they are put together they constitute a fascinating and lucid account of Scott's methods of composition and his financial manoeuvres. This edition is for anyone who takes Scott seriously!' – Times Literary Supplement

David Hewitt is Regius Chalmers Professor of English Literature at the University of Aberdeen and Editor-in-chief of the Edinburgh Edition of the Waverley Novels.
